

## FS2 Spring Term 2- Growing

Dear Parents/ Carers,

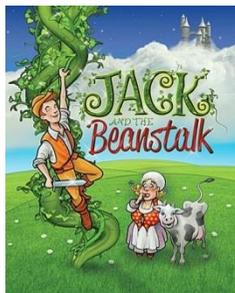

This is an overview of what the children in FS2 will be learning during the second part of the Spring Term.

### Being Imaginative

This term our role play in the classroom will be a Garden Centre, where the children can pretend to buy fruit, vegetables and gardening tools.

### Art

The children will be looking at spring flowers and experimenting with ways of painting them.

### Visits

The children will be visiting Tesco to experience, 'Farm to Fork'. Where they will learn about healthy food and go on a fruit and vegetable hunt.

### Literacy

The children will have a daily phonics session where they will be taught sounds. They will be using the cursive script. Please practice segmenting and blending the words in their books to support their reading. The children will be learning how to write captions and short sentences by using capital letters, finger spaces and full stops.

### P.E.

The children in FS2 will have P.E. on Thursday mornings. They will be learning different ball skills and ways of movement and travel around the room. Please make sure your child has a full P.E kit in school with their names inside.

### Culture Day

We will be having a culture day during this half term. We would like the children to wear to school in their own cultural dress and bring in some food for all the children to taste.

## HOME LEARNING

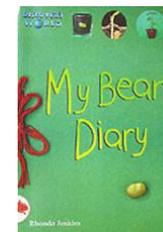

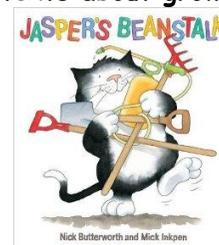

Reading books will be changed once a week. Please bring your child's book bag into school on their specified day. Please ensure that you have made a comment about your child's reading in their reading record.

Monday- Amazing Ants  
Tuesday- Busy Bees  
Wednesday- Brilliant Butterflies  
Thursday- Ladybirds

Homework will be sent out on a Thursday afternoon and needs to be returned by the following Wednesday latest.

### Reading

The children will be reading lots of stories and non-fiction texts about growing.

### Mathematics

The focus of this term for the children will be shape, space and measure. The children will be learning about measuring things by height and length and short periods of time. They will also be practising their addition and subtraction skills.

### World

The children will be learning about growing. They will be growing their own beanstalks, cress heads, germinating a bean and learning about what plants need to grow.

How a plant grows from a seed
